CORPORATE PACKAGE

Where every pour inspires,
and every gathering grows into
greatness

What is GANBEII MICRO BREWERY

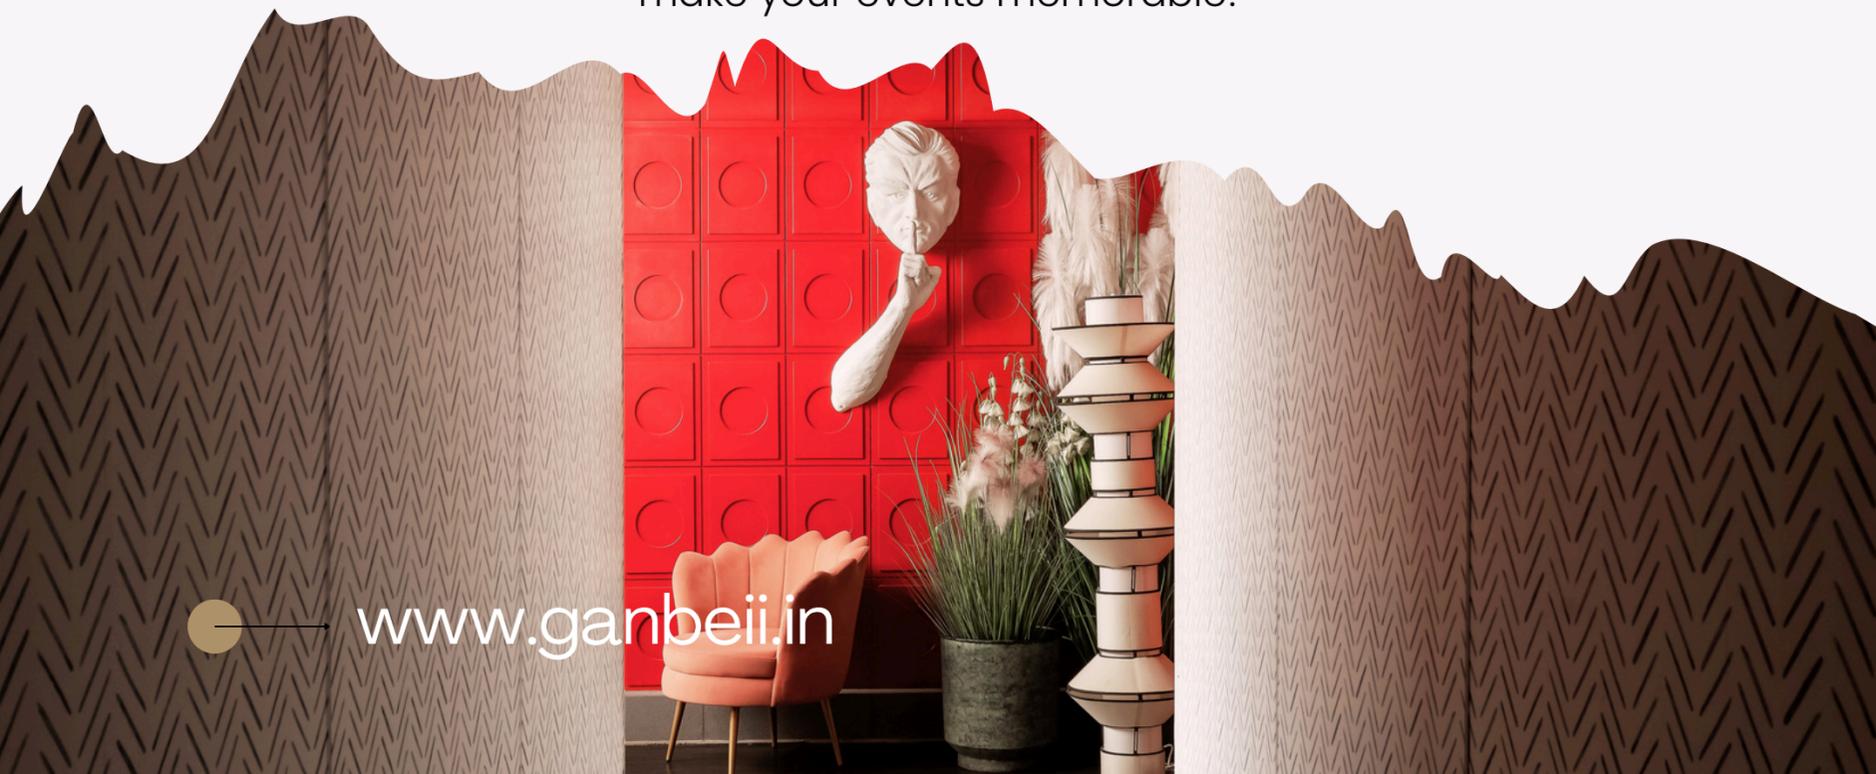

Ganbeii (干杯) is a Chinese phrase that translates to "**cheers**" in English.

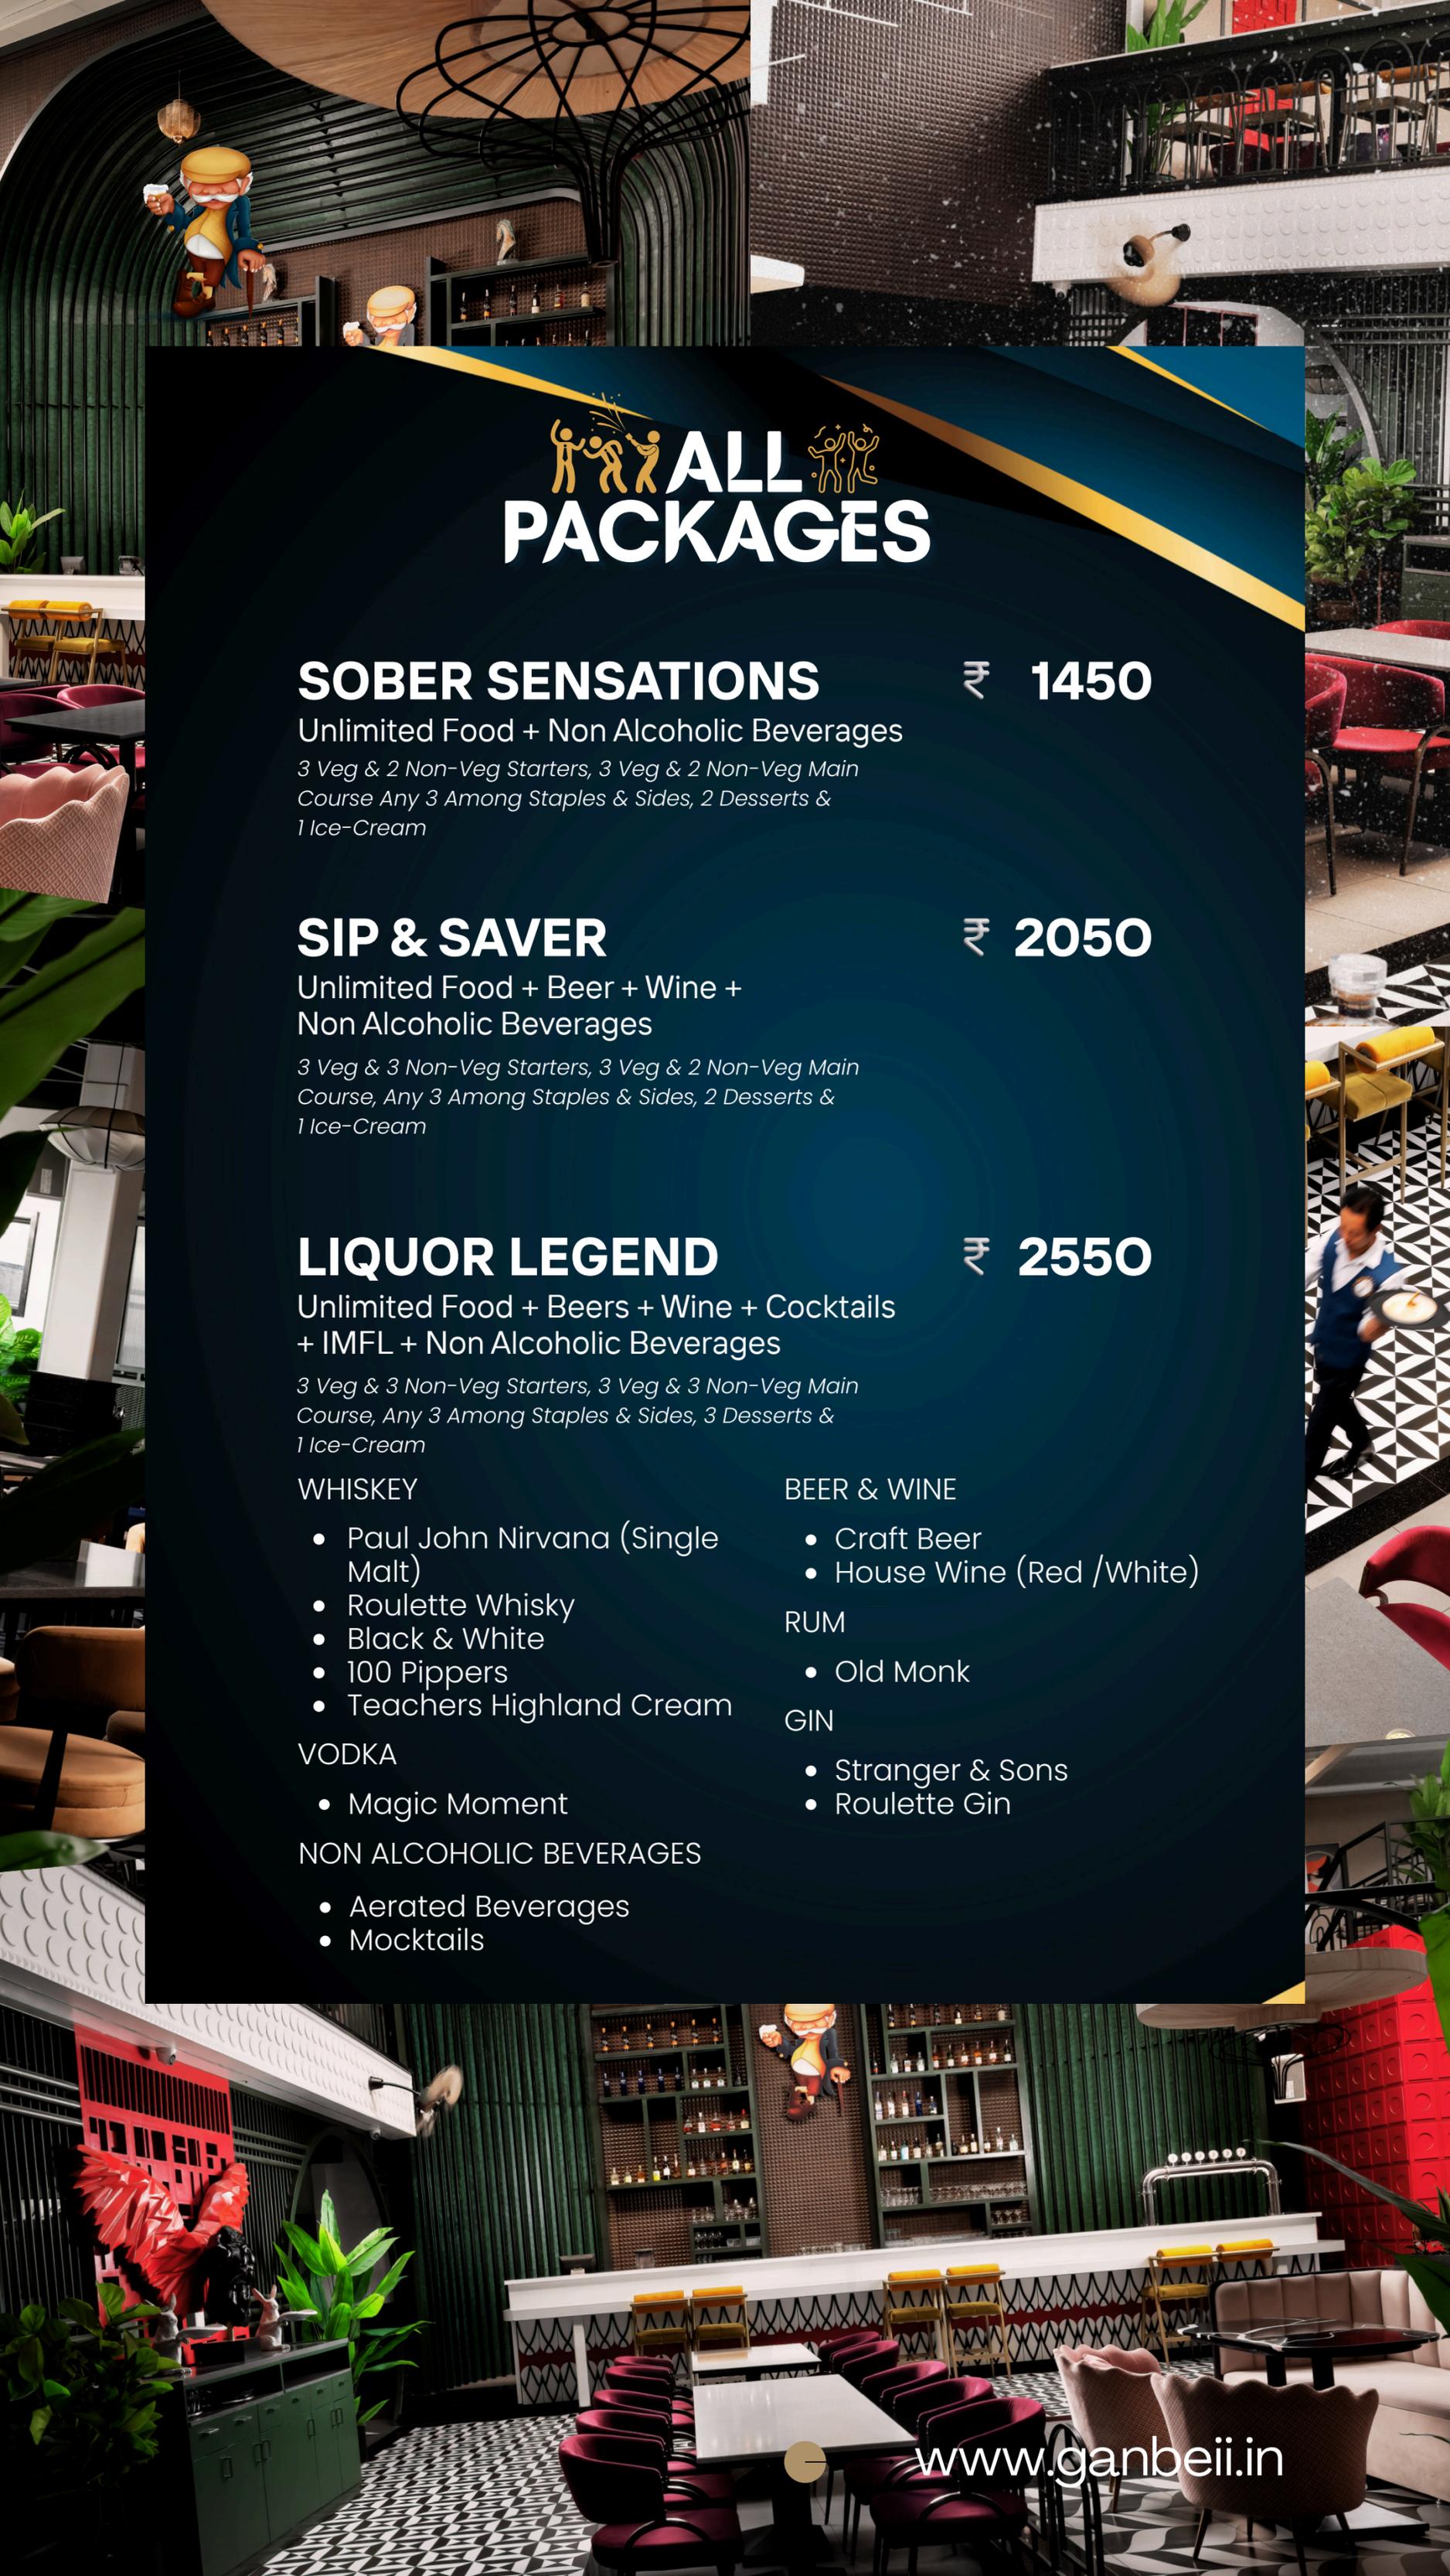

It is often used during toasts to express goodwill and encourage drinking the entire glass. The term embodies celebration, camaraderie, and a shared sense of joy, making it a fitting name for a microbrewery focused on bringing people together over great beer & food.
